

JUNE 2024

PORSCHE

POST

How can I react less, and plan more?

Let your goals be your guide

Given the uncertainties ahead, making decisions based on your goals, or what you ultimately want to accomplish, can help you weather any market with confidence. We can give you thoughtful, timely advice and can translate your goals into a clear, actionable financial plan. That way, you'll always know where you stand. And where you're going.

For some of life's questions, you're not alone. Together we can find an answer.

From the Editor

ED REINER

I am pleased that the Metro events calendar is off to a strong start. We had a very good turnout at the Porsche's and Pancakes at the Mt. Kisco Diner in May. Approximately 25 people showed up on that Saturday morning and we had an impromptu Cars and Coffee in the parking lot after we had breakfast. We even had a few children join us. Attendees

came as far as Long Island and Manhattan and we had a great opportunity to check out each other's cars. With April events at Stable Energies, 1600Veloce, and Tinting Motors, we are coming off a strong month. In addition, as you read through this issue, we are happy to report there was a healthy turnout at the Classic Car Club in Manhattan as well. The DE and AX programs continue to have strong registrations (See Dan's and Brendon's articles inside) and we are about to launch the Trek program with the first Trek on June 9th. Also, considering the good attendance at our Staten Island events, we are watching the participation grow across the region. And as always, we continue to look for interesting and fun

events to bring to the membership.

Spring driving is a blast with great weather, low humidity, and relatively empty roads. The following day after the Mt. Kisco event, I drove up to Bear Mountain in the early morning fog under cloudy skies. I was the only one in the park (except for a state trooper in the roundabout) but the roadways were clear and relatively dry. Fortunately, it is a short hop from northern Westchester County to Orange County and the smell of the cool forest air combined with the sound of a screaming flat 6 in third gear can really get the juices flowing. I did not see any deer or bears. I was home by 9:30 am.

Porsche owners have a variety of preferences, such as cars and coffee, treks, DE, Autocross, and just driving around. This year, the board has been hard at work to create more events and spread them around the region. This issue of the Post highlights this effort. June will be another busy month with the start of our women's driving group (to New Paltz, NY), the first of five Treks (#1 will end at the Malcolm Pray Achievement Center), two DE events, and an AX event. Perhaps we can squeeze in another cars and coffee event toward the end of the month.

Personally, I am deep into detailing this season. Evaluating the new processes, chemicals, agents,

The Porsche Post is digital! Please visit metronypca.org to download the current and past editions of the Post!

Please send your stories along with high resolution photos to metroposteditor@gmail.com by the first of each month.

and materials can be overwhelming. One thought is to bring back our detailing workshop. I am reading about ceramic vs. graphene, and the methods to apply it. How many e-catalogs do we get about all of the car care products out there? If you are interested in a detailing workshop, please let me know and we can ask a knowledgeable person help to organize it at a shop or dealership.

Please enjoy this issue of the Post and keep an eye on our website and Facebook page. (We only have 1100 members signed up for the Facebook page so if you have not yet signed up, please click "Join" on the Metro Facebook page) so you can receive the feeds and alerts as they are posted. Our next  is the Family Day BBQ this year at Eisenhower Park. Please see the flyer inside, scheduled for July 27th. We will be advertising some pretty cool activities at

Left, I took my 718 Cayman to "Tail of the Dragon" (US Rt. 129) in mid-May. This roadway in the Great Smokey Mountains and Cherokee National Forest is a "must drive" destination for Porsche owners. Known for 318 turns in 11 miles, it is the most challenging road I have ever driven on. Right, we were able to park inside at the Classic Car Club for our New York City event in early May.

President's Page

BILL RUDTNER - PRESIDENT

As we are already in the month of June. I know we're all looking forward to the better weather that summer usually brings. At this time of year, the early springtime flowers have gone and the summer blooms have begun.

As I finish up this column it is Tuesday morning the 14th. I hear that the weather back home on Long Island is nice today but I'm staying here in a hotel lounge in Belfast, Ireland. On a personal note: We've traveled here to visit our daughter Taylor. It's rained here in Belfast for the last two days. I'm told it's the norm however we were treated to some unseasonably nice weather on Saturday and Sunday. The rain should diminish by 12 or so and we'll meet Taylor for lunch. After four years at Elon Taylor decided to come to Belfast for a graduate course at the Queens University of Belfast. We could not be prouder.

Due to the 5-hour time difference, this past Tuesday was the first in three and a half years that I missed our monthly board meeting. Sitting in my place was our VP and friend Paul Celentano.

Throughout my Presidency, there are a few Metro PCA events that have become favorites of mine. This past Sunday, May 19th was the Pindar Concours. Yes, this has become one of my favorites. I love looking at the cars and talking to fellow Metro region PCA members. We don't drive Linda's 993 Cabrio very often but we thought that if Linda were up for it we'd take her 993 out for the Pindar Vineyard concours. At the last minute, we changed our minds and drove our 05' C2S. For the past few years, Paul has done an amazing job putting this event together. I was hoping for good weather as I was really looking forward to this event and as luck would have it the day was beautiful. There were over 130 in attendance.

Over the years I have met a few that truly have become my friends. Although we have gotten older and don't live close anymore I look for PCA events where we can make the excuse of attending so we can get together. I'm hoping to get these friends together for another one of my favorite events. This one is a Trek. I particularly like the Trek where the group has a sit-

down lunch at Abatino's in White Plains. Billy Riehl has done a great job as Trek chair giving our members some really good rides through some fabulous picturesque areas. I'm hoping my friends can make it.

In June we also host our Driver Education event at Watkins Glen International Raceway. As many of my friends know I am a fan of more vintage Formula One racing. Not so much the elaborate spectacle F-1 has become today. The town of Watkins Glen has a very interesting history. Originally, they raced the streets of The Glen. This original course can still be driven (at the speed limit) by anyone as the original street course is marked. The track at Watkins Glen has gone through many changes over the years and is still raced by so many professional organizations. I actually crewed there during an IMSA 6-hour race for the Racers Group back in 2002.

Thanks to all of our board members and directors, this year our Metro event schedule has more to offer our members than ever before. There has been more going on in Manhattan as well as in Staten Island. Obviously, if you receive the Post you own a Porsche. That said, come on out and join in the fun. Ferdinand Porsche designed the original Porsche cars built under his watchful eye to be driven not polished and stored as some piece of artwork. Get on out and drive that Porsche as it was designed to be. I hope to meet you soon at a Metro region event.

DAN FISHKIND - AUTOCROSS CHAIR

Twenty-seven is the magic number. Twenty-seven drivers came out to the Cinco de Mayo Autocross. I should have had the Cuatro de Mayo Autocross instead as the weather the day before was beautiful. It's amazing what a difference a day can make weather-wise. The weather for the Cinco de Mayo Autocross was subpar. Cold, windy, and although we avoided any major rain showers, we did experience some sprinkles. The upside of having only twenty-seven drivers? Everyone got twelve runs, which is always a good number for an autocross event.

Here are the results:

Hermant V came in first place in S1 with a time of 44.844 seconds and Andre C took the win in two driver S4 with a time of 38.423 seconds. Andre was also fast enough to earn the Fastest Pax of the Day. Thomas P came in first in S5 with a time of 39.130 seconds. S6, with four drivers was dominated by Mitch H who drove the course in 39.220 seconds to beat out the second-place spot, JoAnne who had a 40.120 second trip around the lot. Larry F came in third place with a 42.762 second run. Vaino N found himself in first place with a time of 38.8323 seconds in his S8 class.

As for our Production classes, Dominick T took the win in P4, with two drivers, with a time of 42.473 seconds. Newcomer to autocross Louie A took the win in P5 with a time of 40.713 seconds. In three driver P6, Michael C took the win with a 37.959 second run around the lot while yours truly came in second with a time of 38.450 seconds. P7 found Anthony H in first place with a time of 38.001 seconds. Jonathan S took the win in P8 with a time of 42.923 seconds to complete our production classes. Tom P took the win in our Improved class with a time of 40.332 seconds.

Last but not least is our X-Classes. X1 with two drivers found Christine P in first place with a time of 38.683 seconds. Two-driver X2 saw Barrington H in first place with a time of 37.598 seconds. Four driver

X3 was dominated by Jose A who drove the course in 36.352 seconds. This time was good enough to earn Jose the Fastest Time of the Day. Timothy R took the second-place spot with a 37.287 second trip around the course and David C came in third with a 43.503 second lap

So that's it for the Cinco de Mayo Autocross. Our next event is June 30th at the Nassau Coliseum. I have been very pleased with the increase in Porsche drivers that are attending our events. The more the merrier so try to get your friends involved as well. Remember, you do not need a Porsche to participate. Any car will do. Please note that we do not allow trucks, crossovers, or SUVs except for the Macan and Cayenne. If you are a Macan or Cayenne  come on out. These cars were made for this as well. Let's see what they can do. Hope to see you out on

the pavement.

Chasing the Curves

BILL RIEHL - TREK CHAIR

The 2024 Tour / Trek season has begun. By the time you receive your copy of the June Post issue, Tour 1 will have just taken place. I will report on Tour 1 in the July issue. The event sold out within 48 hours as usual, thanks to our loyal group of Club members who really enjoy Chasing the Curves. All the planning has been completed for the 2024 Tour 2 on July 7th

is Metro NY PCA, then also include the other search box by event type which is Tours. Then hit search. This will take you to the location to register for the event.

REGISTRATION FOR TOUR 2 July 7th, 2024 WILL OPEN ON MONDAY JUNE 10TH AT 7 PM. REGISTRATION WILL CLOSE ON MONDAY JUNE 17th AT 7 PM. Please contact me via email (metronytrek@outlook.com) to assist with the program.

2024 Trek Schedule

Sunday July 7th
Sunday August 11th

2024.

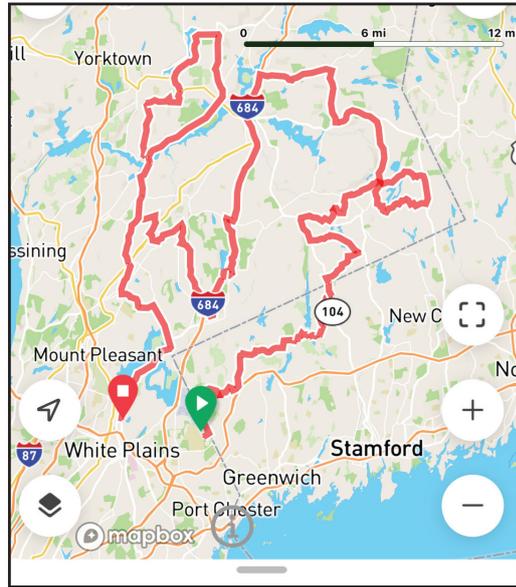

The meeting point for all five Treks this year will start from the same location as last year - *Kingsbrook Office Park, Building 4, 1100 King Street, Rye Brook, NY.*

The second Tour will be about 104 miles long. We will be traveling through the roads of Westchester and Fairfield Counties. The first leg will take us about 12 miles into Connecticut on some challenging roads, then crossing back over into New York for the rest of the 92 miles. We will end the Tour at our favorite restaurant in Westchester which has partnered with the Metro NY PCA Trek / Tour program for the last 2 years, Abatino's Pizza and Pasta in White Plains, NY for a variety of Italian dishes.

TREK REGISTRATION

The registration process starts by going to the website clubregistration.net. I suggest all members who are not familiar with Club Registration and do not have an account set up already, visit their website at clubregistration.net/login and create an account. This will make the registration process a lot smoother when you are ready to register for the Trek or any other Metro PCA events. I will be giving detailed email instructions in the near future on how to register for a Driver and how to register for a passenger. Each person attending the event must be registered and paid for separately.

When searching for the Trek events to register for, start with searching by event host- which

Sunday September 8th
Sunday October 6th

I look forward to Chasing the Curves with our Club members. Just find and follow my rear end in the above photo.

Please be on the lookout for event details on our Facebook page, Metronypca.org website, and email blasts.

Registration for each event will open approximately 25-30 days prior to the event date through Clubregistration.net. Register early

Concours Corner

PAUL CELENTANO - CONCOURS CHAIR

Mother Nature cooperated this past month to make our 3rd annual Pindar Charity Rally and Concours a huge success. While I was on pins and needles the week ahead of the show, tuning in to my friends at News12 Weather every few hours for updates, my nerves were put at ease when the all-clear was given for precipitation on the 19th.

things up a little followed by those who participated in the rally portion of the event. Close to 200 folks attended the lunch under the pavilion at Pindar that was catered by Ammirati's of Love Lane. Overall a spectacular event to kick off our season. **(Concours results are on page 42)**. We are discussing with the folks at Pindar a late fall event with a tour of their facilities during wine-making season. Stay Tuned!

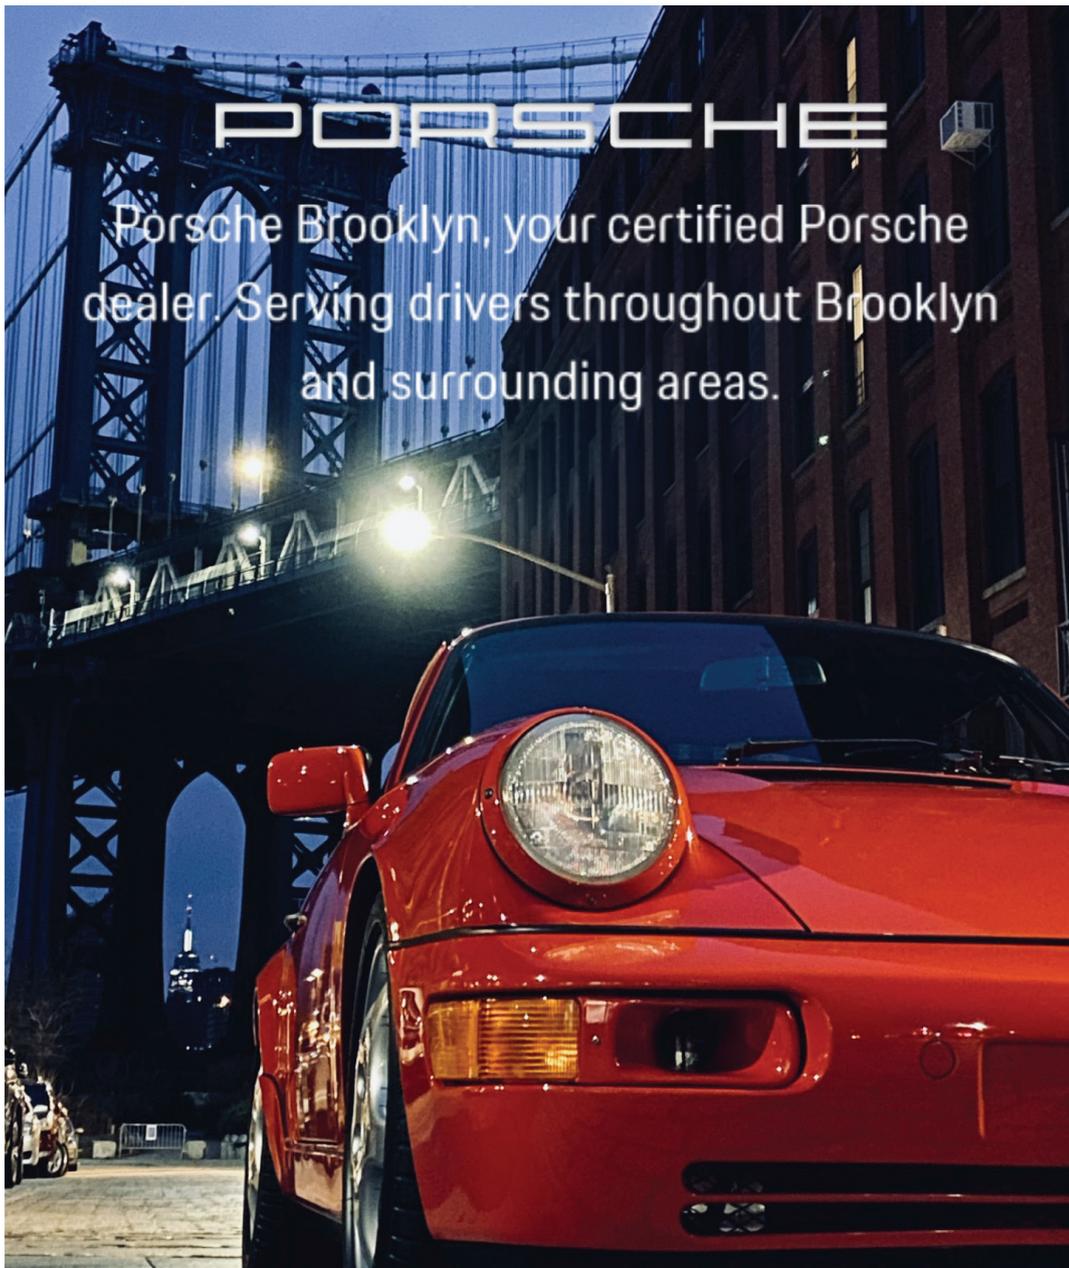

On June 9th Metro will be hosting our Westchester People's Choice Concours at the Malcolm Pray Achievement Center. If you are not aware, this year we have chosen the Achievement Center as our charity of the year, so a portion of the proceeds from our Pindar event and this event will go to support the fine work this lovely museum is doing for our veterans, as well as, students in underserved school districts. Please take a moment and check them out at prayachievementcenter.org and consider attending one of our events. The People's Choice Concours is a very light concours that will be judged by the folks at the achievement center. This is an event to clean your car up a little and enjoy the day. No going crazy in the wheel wells. Private tours of the museum will be available and registration includes a catered lunch. In addition to the Concours, members participating in our first Trek/Tour of the season will be ending at the Achievement Center to join us for lunch.

While the day was mostly overcast, we had by far one of our largest showings of cars from Metro, the Ferrari Club, and the Classic VW Club of Long Island with 120 registered, along with 30 of those registered to participate in the rally. Some of the good Doctor Porsche's finest works could be seen...from his early VW beetle, several 356's, long hood air cooled and the list goes on. My fellow friend from the Porsche 912 Registry, Ed Boyd was kind enough to bring one of his 300SL Gullwings to wow the spectators. At around 10:30 a sea of red Ferrari's arrived to mix

Harry Krause w/ his 1973 Yellow 914 6. More photos on page XX

Eastern Region Update

MITCH HACKETT - EAST REGION DIRECTOR

Welcome to June, where we experience the longest days of the year in the northeast. Great driving weather, by and large.

On May 27 we attended a great event at Tinting Motors in Farmingdale. They have a top-notch shop. Rami and crew did a wonderful job of hosting us, including helping to conspire on a surprise birthday party for our esteemed Autocross chair, Dan Fishkind. Rami brought balloons, Jack Minot brought a cone hat, I brought a cake and fake autocross numbers. "59". We all sang Happy Birthday to Dan. He had no clue. Fun stuff.

Coming up this month, we have the Nettessheim museum tour on June 15, from 11 AM until 1 PM. This is limited to 25 participants. There will be a fee to attend, probably \$10 per person. Totally worth it in my opinion. Peter Nettessheim has curated an amazing museum. BMW motorcycles, Mercedes rare cars, automobilia, etc. I have attended tours many times in the past and I always see something new, something I hadn't seen before. I guarantee you will be wowed from the time you enter until the time you leave. Peter has a running narrative as the tour progresses. It is fascinating. This will be posted on the club website and Facebook. Registration will be through clubregistration.net. in early June. All proceeds for the tour will be donated to our charity, the Malcolm Pray Institute in Peter's name. I hope to see you there. Register early. This tour always sells out, in fact, members who have attended want to go back again!

Also on the calendar for June is a tour of the Imperial Motors facility in New Hyde Park on June 23rd. This is a Cars & Coffee event courtesy of Cesar and his crew. No charge to attend, but charity donations will be gladly accepted. Coffee and yummy snacks will be provided. The start time will be updated in June via the Metro website, and Facebook. Imperial offers Metro members discounts on car storage.

Metro Wednesdays are in full swing as of mid-May, we meet about 6 pm at a restaurant, preferably Metro member owned! A great group of Porsche fans get together and hang out. Sometimes al fresco on folding chairs, sometimes we dine inside. It's a great midweek break from the daily grind. Come try 

Jerry Dorfman's 1986 Black Carrera Slant Nose, top. Steve Pedolsky's 2017 Guards Red 911 Turbo S, John Howell's 1979 Casablanca Beige Metallic 911SC, Kevin Ruthen's Guards Red 992, Dan Fishkind's 2006 Black Cayman S, Mitch Hackett's 2006 Carmona Red Metallic Cayman S, below.

Track Ramblings

FRED PACK - CO-CHIEF INSTRUCTOR

3 of Fred's multipart series on trying Drivers Education.

most important thing is to focus on being relaxed so that you can soak it all in and enjoy your day. Your instructor and the class sessions you attend will give you what you need to know out on the track so you can have a safe and fun time.

Like all PCA events, the Driver Education events are fueled by volunteers. It takes a myriad of positions in the DE world to run an event. From the online registrar, to the at-track registration, to the Tech Inspection team, the Driver Education chairs, Chief Instructors, the grid team and the instructors in the car beside you—each person with whom you interact is a volunteer who wants to make this day special for you and make you feel comfortable. Feel free to ask questions to anyone along the way—no question is ever too silly to ask. We are eager to help you make one of the best decisions of your life, as we have all been in the same position you will be in soon—your first day on the racetrack in your Porsche.

We know you will have a great time at your first DE—you can thank us later for encouraging you to take the first step!

Understanding how to pass

THE MAIN reason DE events are safe is that there are strict passing rules that help prevent car-to-car contact. The Prime Directive is that a slower car must let an approaching car pass it—you must not hold up faster traffic. A key point about track driving is that you MUST check your mirrors often. It is essential that you know if a faster car is approaching so you can let it pass.

Here are the rules:

- * No passing is permitted unless the car being passed gives a passing signal.
- * No passing is ever permitted in corners, except for instructors/drivers in advanced-solo run groups and only if this “extended passing” has been put into effect at the drivers meeting.
- * Drivers are sometimes nervous about “where is that car that was just behind me? Maybe he’s going to bang into me during the turn.” This is not going to happen during a DE event, as a “passing contract” must be made before a driver overtakes another driver.
- * All drivers are obligated to look in their rearview mirrors often, and to give a passing signal to cars that have caught up with them. If a corner is approaching soon, it is OK to delay giving the passing signal until just after the corner. As a courtesy, the car being passed should make it easy for the passing car by releasing the throttle momentarily and not crowding it as the next corner approaches. This courtesy rule is very important.
- * The driver of the car being passed gives the passing signal by extending their left arm fully out the window and pointing with the second finger to the left, meaning “pass me on the left,” or bending the left arm and pointing over the roof to the right, meaning “pass me on the right.” Never rest the arm on the roof; rather, it should be a few inches above the roof so that the passing driver sees it clearly. A passing signal must be given for EACH CAR behind which will be given a pass—don’t just keep your arm out the window. Do the arm movement for each car that needs to get by you. Sometimes there may be cars at an event with window nets (used by race cars) that prevent the driver from extending a hand out the window. Such cars use their blinkers to provide the passing signal: left blinker means “pass me on the left;” right blinker means “pass me on the right.”
- * The car being passed stays on the racing line. Accordingly, the passing car goes off-line. Restating this, the car being passed stays on the racing line and does not move to the right or the left. Do not do that; it is very dangerous. You might collide with the passing car, who quite appropriately expected you to stay on the racing line.
- * The driver of the passing car is not obligated to accept a pass invitation. A very visible “wave-off” signal can be given by waving a hand inside the car to let the driver giving the pass signal know that you aren’t going to accept it at that time.
- * At any given event there may be minor deviations

2024 METRO NEW YORK PCA DRIVER EDUCATION SCHEDULE

REGISTRATION OPENS JANUARY 1ST FOR ALL EVENTS

<u>April 2</u> (Tue)	Lime Rock Park (Unmuffled SOLO)

Superfly Builds

MICHAEL TASHJIAN - TECH CHAIR

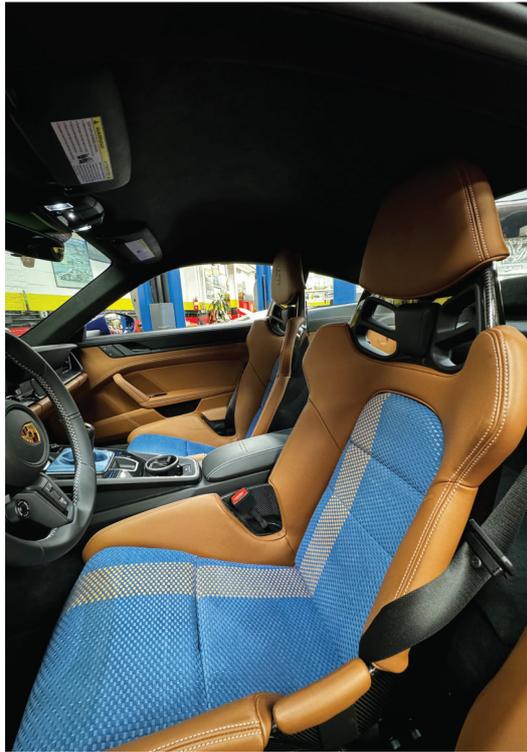

Porsche offers hundreds of options on its GT3, with the most noticeable increase in popularity of these appointments with the 991 generation variants. What has opened? There are a few heavily weighed reasons for this phenomenon, none of which are anything more than a glimpse into the human psyche. People want what they cannot have, people want to be unique and give man something to spend on and he will.

Prior to the 991.2 GT3, it was relatively easy to find an allocation on a Porsche GT3 as long as you had a loose connection in the Porsche network. Unlike today, where you must pay sometimes upwards of 50% of the car's MSRP just for a chance to configure your own. Because of the extreme measures new Porsche owners take to find an allocation, it's warranted to go above and beyond on your creation. Salisbury livery, PTS+, Carrera GT shifters, there seems to be no end to what Porsche will do for a price. Most recently becoming popular the Pegasus. Outside of asking for CXX options, today's tailoring department can do a feasibility study on something no one has ever requested. Want your dashboard to be skeletonized I would bet there is a price for it > 150K. Deviated painted fuel doors, special color center caps, and I can only imagine the naughty requests for door sills, wheel trims, and hopeful customizable screens with font and information of your choice.

Social media, mainly Instagram, has created a monster called the informed consumer. For many years Porsche buyers had no idea these options were even considered on the assembly line, which made them both more unique and limited in nature. Also gave the dealers a break as the process was and is still quite antiquated. 2018 saw an uptick in unique Porsche's being peddled for entertainment purposes, and more than likely never used for their initial intent being the track. There are some options that just do not have a place on a purpose-driven racecar, but who am I to talk, I am the first one to click on one of these boxes. Leather fuse panels, deviated color seat

trim, leather-wrapped HVAC unit (very delicate), and on and on. I guess the saying if you build it they will come, rings true for the configurator at 2 am after an evening at a steakhouse and a few too many.

For a reader who is commissioning a build now, sober I hope, I encourage asking your salesperson what is available for your particular allocation. Note though, the new minimum is 25K for special CXX bespoke options, and the Porsche Exclusive Manufacturer options have certainly become more expensive. Given it is a once or maybe twice-in-a-lifetime event, get what you like and check IG for all sorts of ideas. Over the next few months, we should start seeing some very special GT3RS builds along with the end of the GT4RS builds pop up online with some special liveries. And of course, someone will have to go over the top on an ST, hopeful it is a Metro member so we can all see it!

West Region Report

DUANE WILSON - WEST REGION DIRECTOR

May was a busy month for the West Region. We had our first Porsche & Pancakes event of the year in Staten Island with a great turnout of new and continuing members, and a varied range of cars. We will be continuing Porsche & Pancakes on

the first Saturday of every month in Staten Island, Manhattan, Queens, and Brooklyn.

We also had two Cars & Coffee events including our collaboration with Alex from Urban Auto Enthusiasts in Long Island City, our Manhattan Drive & Brunch at Classic Car Club rounded out the holiday weekend, and the UBS Art Tour and Market Conversation.

June continues the events trend with two Cars & Coffee meetups planned, member meetups after work for drinks and dinner in Manhattan, and a collaboration with Gear Heads NYC for a special Brooklyn meet-up. We are working on even more events with cars, and without!

If you have suggestions, questions, or locations, or would like to be a host for the First Saturday Porsche & Pancakes events in Queens, Brooklyn, Staten Island or Manhattan email me at MetroNYpcaWestRegionDirector@gmail.com or tag me on Instagram [@PorscheStimmung](https://www.instagram.com/PorscheStimmung).

I can't wait to meet you, and your cars!

Photos from our April event Gastronomy & Gears at Classic Car Club and the May Porsche & Pancakes in Staten Island.

If you have suggestions or locations, please email me at  MetroNYpcaWestRegionDirector@gmail.com. I can't wait to meet you, see your cars, and

Driver's Education

BRANDON TASSO - DE CHAIR

ello and welcome back to the HPDE section of the newsletter! Driving on a race track can be an exhilarating and unforgettable experience. Whether you are a seasoned professional or a novice driver, the thrill of being behind the wheel on a race track is unmatched. It offers a unique opportunity to push the limits of both the car and yourself, while experiencing the adrenaline rush that comes with high speeds and tight corners.

One of the most exciting aspects of driving on a race track is the sheer speed. On a public road, you are limited by speed limits and traffic, but on a race track, you have the freedom to unleash the full potential of your vehicle. The acceleration and top speeds achievable on a track are a true testament to the power of modern engineering. As you hit the gas pedal and feel the force pushing you back into your seat, you can't help but feel a surge of excitement and a sense of freedom.

Another thrilling aspect of track driving is the precision required to navigate each turn. Race tracks are designed to challenge drivers with a variety of corners, from sweeping curves to tight hairpins. Mastering the art of cornering requires skill, focus, and a deep understanding of vehicle dynamics. As you approach a turn, you must carefully brake, downshift, and position your car to hit the apex – the optimal point on the inside of the corner. It's a delicate dance between control and speed, and when executed well, it's a thing of beauty.

As I mentioned last month, driving on a race track also offers a unique sense of camaraderie. Whether you are participating in a DE event or joining a racing league, you will be surrounded by fellow enthusiasts who share the same passion for speed and adrenaline. The track becomes a playground where drivers can bond over their love for cars and driving fast. The atmosphere is electric, with the sound of engines roaring and the smell of burning rubber filling the air. It's a community that welcomes both amateurs

and professionals, creating an inclusive and exciting environment for all.

Beyond the thrill and camaraderie, track driving can also be a valuable learning experience. It provides an opportunity to improve your driving skills and gain a deeper understanding of vehicle dynamics. With our fantastic instructors, you will receive guidance on how to optimize your technique and become a better driver. The knowledge and skills acquired on the track can even translate to safer and more confident driving on public roads. The skills I have developed on the race track have kept my family and me safe on numerous occasions.

Driving on a race track is a truly fun and exhilarating experience. It offers the opportunity to push the limits of speed and precision, while also fostering a sense of camaraderie among fellow enthusiasts. Whether you are a seasoned professional or a beginner, the track provides a unique environment to improve your driving skills and indulge in the thrill of high-speed racing. So, next time you have the chance, check our schedule and come

Social Events

LEE WALTON - SOCIAL CHAIR

Holy Toledo, Batman! With Memorial Day weekend in the rearview mirror, we're now charging into June and summer driving season. I hope everyone's taking advantage of our regional directors and volunteer hosts' hard work and enjoying the Porsche & Pancakes on the 1st Saturday of the month and the 3rd

Thursday social dinners. In May, Westchester visited Mt. Kisco Diner, the Horse and the Hound, and Staten Island meet-up at Piece of Cake. Long Island members will have their first Porsche and Pancakes at the Shipwreck Diner in Northport (July 6th), and the Women's driving group expects a good turnout for their first drive to New Paltz (June 1st). I will report next month.

Last month, I was working on our annual barbecue picnic, and I'm pleased to report that we have booked Eisenhower Park for the afternoon of July 27th. We have rented the Sycamore pavilion and plan to have a People's Choice Concours and games for adults and kids. You can find more information on the flyer enclosed or register on Club Registration. Looking for volunteers to help make this BBQ phenomenal. So, if you'd like to help with registration, be a pit master, or any other task, please let me know if you can help.

Call for Volunteers.

Porsche Club of America prides itself on being run by volunteers. The more robust your participation is, the more activities we can have for the greater number of members. I'm calling out for volunteers to host the regional Porsche & Pancakes Breakfast (first Saturday of the month) or a Third Thursday Dinner. Your participation is crucial to the success of our events. Hosting is the simple task of being there before everyone arrives, staying until the end, and ensuring everyone is comfortable. You'll also coordinate with the restaurant to ensure a smooth experience. Everyone pays their way so that the check can be split or separated. Please let me know if you would like to get involved and, if so, where you

live so we can coordinate local events.

Please reach out to me if there are any 

The Family Day BBQ will be held this year at Eisenhower Park on July 27th, above. There is a planned Porsche & Pancakes breakfast in June at Bobos' in Somers, NY on June 1st, below.

PCA has 20 registries for those super enthusiastic about their Porsche model

The PCA Registry program was established in 1995 to encourage closer relationships within Porsche model owners in PCA. The program allows PCA members to network with others in their specific area of interest. Sharing of information fosters restoration and maintenance of members' automobiles. A registry can potentially provide a new resource for historical displays at Parades and other PCA events, along with information for articles in *Porsche Panorama*. Don't see a registry for your Porsche? We are also looking for individuals who are interested in starting a registry for a model that doesn't have an existing registry.

CHECK OUT THE REGISTRIES AT: www.pca.org/connect/special-interest-groups

Porsche Market Update

DAVID K. WHITLOCK , RIESENTOTER REGION

April 2024 put up some big numbers compared to April 2023 with \$42.8 million in sales vs. \$29.9 million, thanks to almost 100 more units crossing the block, 55 of which came courtesy of Broad Arrow Auctions' all-Porsche sale held during the Air | Water event at the Orange County Fairgrounds at the end of the month. But big numbers aside, 2024's Sell-Through Rate has continued to fall short of

2023's with only 69% of Porsches on offer selling. The Porsches that hammered at the Broad Arrow sale accounted for 31% of our total dollar volume at \$13.4 million. Top sales from the auction included a 457-mile 2015 918 Spyder Weissach finished in \$63,000 Liquid Metal Silver paint over a \$26,000 Black Full Leather interior with Acid Green accents that sold for \$2,865,000. We also saw a 1988 959 Komfort sell for \$1,930,000 and a 3,900-mile, one-owner, 2005 Carrera GT sell for \$1,792,500.

The all-Porsche sale did, however, see a lower than average Sell-Through Rate with only 62% of cars hammering on the block and only a handful selling post-auction. Notable no-sales were a 1996 911 GT2 that failed to sell at a final bid of \$1,600,000 and a 1997 RUF BTR Twin that failed to sell at \$1,050,000 on the block but found another \$100,000 post-sale to get the deal done. Not surprising was the 1969 908/2 Langheck "Flunder" Spyder that failed to sell at \$4.2 million as vintage Porsche race cars have struggled at auction over the last few years.

At the newer end of the market, we finally saw a 2023 911 GTS Cabriolet America find a buyer at a final bid of \$240,000, which is about MSRP for this limited edition Cab. We also saw a 2024 911 Dakar sell for \$360,000 and a 2023 911 Sport Classic sell for \$478,000, both on par with comps over the last few months. 718 GT4 RSs, on the other hand, saw a bit of a resurgence with three examples selling in the \$236,000-\$246,000 range, which is strong compared to a few months ago. 356s struggled in April with only 33% of the twenty-

one cars on offer finding homes. The top sale was a 1957 356A 1600 Super Speedster that sold for \$362,500 followed by a 1960 356B Roadster at \$235,000. The rarest car of the bunch was a 1964 356C Carrera 2 Cabriolet finished in Ruby Red with a Black Reutter hardtop and Black leather interior. It failed to sell at a high bid of \$700,000, which is only \$35,000 shy of the current asking price online.

Other notable cars to cross the block in April were a 1986 962 IMSA GTP race car campaigned by Dyson Racing during the 1987 IMSA season. With two victories under its belt, it sold all-in at \$775,000, a price that seems like a steal for such a storied race car. We also saw a 1993 RS America with only 6,600 miles set a new five-year record at \$302,000. An eye-watering sum for a 964, but try to find another in this condition.

Overall, there are some mixed feelings about April's results. Our Sell-Through Rate keeps trucking along below last year's while we still see new highs for the crème de la crème. We'll see what May brings with two catalog sales featuring three Carrera GTs, another 918, and a 959 crossing the block. Until next month.

Photos - Pindar Rally and Concours

SUNDAY MAY 19, 2024, PECONIC, N.Y.

Paul Celentano with Marikay Satryano of the Malcolm Pray Achievement Center

Metro welcomed the members of the Ferrari Club to join in the festivities

Pindar hosted a crowded field of Pcars on the lawn

The Vineyard is a terrific setting for a concours

The Pindar event is a popular event for aircooled cars

Even the 356's were well represented at the Pindar Concours

Please note that the Vintage Rally is scheduled for July 14th at Osprey;s Dominion Vineyard followed by an informal Concours.

Life at full boost

While every Porsche is special, some tend to be a bit more so. For the 993, the Turbo/Turbo S were the ultimate expressions of the air-cooled, road-going 911, delivering blistering acceleration on a level that is impressive even by today's standards. Our client's pristine Turbo on the left is a stunner, finished in PTS Turquoise Metallic.

The folks at RUF took the 993 even further, first with their Turbo R then, nearly two decades later, the Turbo R Limited (the green example on the right is one of only seven produced). Boasting an eye-popping 620-HP in a lightweight chassis, RUF again delivered a car that could exceed 200 mph.

The Speed Yellow car in the center of this trio is a completely different take on the 993: the TechArt CT3 featuring a supercharger delivering 462-HP to the rear wheels. While any CT3 is rare on these shores, this one is particularly so as it's production number 000.

The one thing the owners of these three very special 993s have in common is their unwavering trust in us. The specialists in our air-cooled Porsche department are recognized by renowned collectors across the globe for their expertise, experience, and most importantly, integrity.

Over the past three decades, we've seen tremendous growth. With our newly expanded 36,000 square foot Danbury facility, we can expertly service every Porsche that rolls through our doors. From a priceless four-cam 550, to the electric Taycan, to the new benchmark in performance, the exhilarating GT3 RS.

Our competition clients are benefiting from our new southern location in Sebring, Florida, near the legendary racing circuit.

No matter which Porsche you drive, or how you drive it, we'll give you the boost you need.

CARS FOR SALE

2015 Cayenne diesel newly CPO'd thru 8/24, 60k service completed. Moonlight blue with agate grey interior. Car has approx. 42,000 miles and is in great condition inside and out. Has front end Clearbra - bumper, half hood, and half fenders. Not sure there's one with lower miles on the market. Recently installed Emotion Engineering Lift spacers along with Braid Winrace T wheels and Falkin WildPeak AT3W, 265/60/R18. Car is a beast and a blast on and off the road. Original OEM wheels with new AS tires included. Lift is fully reversible and can be earlier brought back to stock height too if preferred. \$52,958. Call Jason at 917-826-0966 or jason@harborftw.com (01-23)

2014 Cayman S (981 model) stock modified for HPDE track driving (street legal). Stock HP 325 (torque 273 lb-ft). Modifications added 55 HP (torque 25 lb-ft); total 380 HP (torque 298 lb-ft). Rare/custom color "lime gold". Installed OMP race seats, 6 point-harness, roll bar, Pagid race pads, Girodisc, Brombacher race header and exhaust, Brombacher software tuning, IPD plenum air intake, Brombacher engine filters, 4 additional wheels and Toyo R888R track tires, fire extinguisher, GT3 control arms & toe links for added camber and toe adjustments (possess all receipts and maintenance records). The total cost of modifications \$32,000. No modifications to the engine, transmission, or suspension. I have the Porsche stock seats, the stock header and muffler, the street tires, and the original Porsche software tuning. All that is included at no additional cost. No accidents or dents. No investments needed; track/daily driving ready. I am selling to buy a GT4. <https://mart.pca.org/ads/52630> PRICE \$60,000. Email Al.zicklinprof@gmail.com (03-23)

1986 944 Guards Red with Black leather interior. 55,305 Original miles, a true survivor in amazing

condition. 1st Place - Full Class winner at the 2022 October Porsche Concours Show. Everything works as it should. Have all keys, manuals, records, extras, etc. Insured through

Hagerty with \$25,000 agreed value. Hate to cut it loose but it must go. \$21,500 or reasonable offer (please no low ball offers). Click the link for photos: 1986 944 For Sale - Google Photos. Call/text Mike 516-521-3698 or email brief911@gmail.com (05-23)

2000 Boxster Base, 2.7L, 5 spd, 75k miles. Artic Silver with blue interior and top. Well maintained by Rennwerke Porsche, new Bilstein shocks, tires, recently tuned up. No accidents. \$13,500. Email Ed Reiner at metroposteditor@gmail.com (05-24)

PARTS FOR SALE

BBS SR wheels anthracite painted. Fronts are 18 x 8 with 50 mm offset and the rears are 18 x 10 with a 41 mm offset. The wheels are off a 996 4S but they may fit other models, will fit 1st generation Cayman/Cayman S. I had them on my 2002 996.2 for my Autocross tires and they fit with no rubbing, but my car isn't lowered. The rear tires had a wider track of almost an inch on each side. They put me in a different class at Autocross so I replaced them with stock sized wheels. A few scratches but in good condition, asking \$750. Located in Merrick Call/text Jack at 646-457-1460 or email Jhoganminot@gmail.com (05-23)

Original 18" Porsche Cayman 981 Wheels w/Dunlop Winter Sport 3D Tires & TPMS Sensors. Front Tire Size: 235/45/R18. Rear Tire Size: 265/45/R18. The wheels are in great condition. There are just a few marks on one of the wheels. The tires are quite old and still have tread, but I would recommend replacement. This set also includes Porsche wheel totes and face covers. I am near Brooklyn, NY and

(Continued from page 58)

Michelin Pilot Alpin 2 245/ 35R20 & 2 295/30R 20 like new used less than 1000 mi. \$600.00. Covers included. Call Rudy 516 987 4251 (03-23)

Fuchs 5-spoke Rims in Hi Gloss Black - from 2017 Turbo - asking \$3000 Excellent condition - approximately 3 months of use Front: 9 x 20 / Rear: 11.5 x 20. If interested, contact Andy 516-523-0435 or andyv1@optonline.net (03-23)

4 Yokohama Advans Sport v105 tires for sale. These are non-run flat performance summer tires. Removed from an X4 M40i upon delivery - only have factory/delivery miles on them (<10). Staggered setup: 245/45/R20 and 275/40/R20. \$400 OBO. Pick up in Plainview (Long Island). Email scottsolomon03@gmail.com (01-23)

Zunsport Black Grill Kit: Compatible with Porsche Carrera 4S 991 (PDK with Parking Sensors) - Front Grill Set (2012 to 2015) Gaining the protection, you need on the road against the ingress of road debris and leaves is integral to preserving the condition of essential components of your

Porsche Carrera 4S 991 (PDK with Parking Sensors) - Front Grill Set, safeguards the inter cooler from

damage and maintains a seamless and visually pleasing appearance. Zunsport grills use the highest standard of

materials – BLACK stainless steel woven wire mesh to be exact. Easy to install and a finish that will blend precisely with your original design. Condition: NEW Retail Price \$360 will sell for \$300 or B.O. Pickup Hauppauge, Long Island, or small fee for shipping. Contact: Ira: 516-361-0608 or lral721358@aol.com (1-23)

Michelin Pilot Alpin winter tires pair of 295/30R20 and 245/35R20. Used one season, less than one
